Mr. Thomas F. Kelley, Sec'y,
Board of Education,
Paterson, N. J.

Dear Sir:

I have tried to get you on the telephone without success, so I decided I had better write you.

It has been called to my attention that we are not complying with the law in regards to tickets at Paterson. The law says, "the name of the attraction and the correct price must be on the tickets. The tickets you supplied did not even have rain checks.

Due to the facts we are directly responsible to the Government for the tax, and we are paying a flat rental for the Park, and also as we have 55¢ tickets with The Newark Eagles Baseball Club name on them, I am sure you will agree we should furnish and supervise the sale of the tickets.

We will be very glad to issue any passes you request. I will appreciate very much hearing from you as soon as possible on this.

Very truly yours,
